20 August 2024

Dear Mr Tsukamoto

## **33<sup>rd</sup> Clean Coal Day International Symposium 2024 and Energy Security with Decarbonization Forum 2024**

On behalf of the State Government of Victoria, I confirm our support for the 33<sup>rd</sup> Clean Coal Day International Symposium 2024 and Energy Security with Decarbonization Forum 2024 being held in Japan.

The Clean Coal Day International Symposium brings together senior officials in the public and private sectors from across the world to collaborate regarding clean coal utilisation for the future. The State Government of Victoria has provided support since 2008 and is pleased to be involved with such an outstanding forum again this year.

The State of Victoria greatly values the strong relationship and collaboration between our two jurisdictions in relation to the development of new low emission coal technologies and carbon capture and storage which will continue to provide mutual benefit to both Japan and Victoria.

I take this opportunity to congratulate the Clean Coal Day International Symposium Executive Committee on the past success of the Clean Coal Days in Japan and wish them all the best for a successful event in September 2024.

A representative from the State Government of Victoria will deliver a presentation at the 33<sup>rd</sup> Clean Coal Day International Symposium in September and we know it will again be an excellent event, with first class presentations.

Yours sincerely

Adam Cunneen  
Commissioner  
Victorian Government Trade and Investment, Tokyo Office
